RITUAL OF SUBORDINATE REGIMENTS. OPENING CEREMONY.

[The Colonel, Lieutenant Colonel, Quarter Master, Pay Master, Aid and Sentinels, being in their respective places, the Regiment shall be called to order, and thus addressed by the Colonel.]

Colonel. - Fellow soldiers in the Free State Army The hour has arrived when we must resume the duties devolving upon us. Let us each, with a heart devoted to justice, patriotism and liberty, attend closely to all the regulations laid down for our government and action, each laboring to make this review pleasant and profitable to ourselves and a blessing to our country. Aid, are the sentinels at their posts with closed doors?

Aid .- They are. Colonel .- Aid, you will now review the troops in the Regiment passwords.

Aid, (after examination.)-I have examined them personally, and find each correct.

Worthy Colonel, the candidate proposed and vouch-

nel to present you this person, who is desirous of enlisting in our ranks. 6. Master.—Sir, you have doubtless been informed of the general design of the institution to which you

now seek admission. Permit me, however, by authority, to state to you more fully those principles, that you may more clearly understand what you are to expect. You will be required, first, to take an obligation of secresy, by holding up your right hand and repeating after me. When I pronounce my name | CHARLOTTE DISTRICT-H C Parsons, P E. you pronounce yours. OBLIGATIONS.

I, ----, solemnly pledge my honor as a man, that will never reveal, or cause to be revealed, in any manner, or to any person, the fact that I have been an applicant for admission to this institution, or anything which has or may hereafter be communicated to me, or the names of the persons present -all this

Q. Master.—This institution is temporary and local in its character and nature. It is designed for the Territory of Kansas, and is to continue at least until the vote shall have settled the question as to whether Kansas shall be a FREE or a SLAVE State. The requirements of this institution will not interfere with rights of conscience, or the duties you owe to yourselves, your families, your country or your God. They will conflict with no law of the land. We seek, in a noble, honorable and just manner, to accomplish two things. First: To secure to Kansas the blessing and prosperity of being a Free State; and, Second: To protect the ballot-box from the leprous touch of unprincipled men. Such are our principles. Do you still desire admission?

Candidate.-I do. Q. Master.-You will then enroll your name in full upon this book, after which the Aid will conduct you to the Colonel for further instructions. Aid .- Worthy Colonel, I am directed to present

this person to you for instructions. Colonel .- Sir, it is with joy we welcome you to this place, to these scenes, and to this sacred alliance. We trust you will find in us that purity of purpose, and we hope we will find in you such nobleness and truth, that this union may result in constantly increasing regard, confidence and love between us .-This country is yours by adoption, and as belonging to you and your children, you feel a deep interest in its prosperity, its honor and its destiny. We are here where slavery intends making its next innovation; already we have had a foretaste of its contaminating touch, and knowing that strength lies in union-feeling that our country and our God demands of us in this emergency, and that every man should letter from a member of Walker's fillibustering only staff upon which they can lean.

What the New York City Folks say of

McLANE'S CELEBRATED VERMIFUGE. New York, August 25, 1852. This is to certify that I am well acquainted with a man fifty years of age, for many years a resident of this city, who has been at times extremely ill, but could not tell from what cause, unless it was worms. He told his attending physician his suspicions, but the physician at once ridiculed the idea, and refused to attend him any longer His son then mention-

was, he passed upwards of three quarts of worms, cut up in every form. He got well immediately, and now enjoying most excellent health; and, like the good samaritan of old, is endeavoring to relieve his unfortunate neighbors. He makes it his business to hunt up and select all cases similar to his own, that may be given over by the regular physicians, and induces them to try Dr. M'Lane's Vermituge. So far he has induced more than twenty persons to take the Vermifuge. and in every ease with the most happy results. He is well satisfied that Dr. M'Lane's Vermifuge is far superior to any other knewn remedy, and that if more generally known would not fail to save many valuable lives. For further particulars inquire of Mrs. Hardie, 1241 Cannon street New York City. Purchasers will be careful to ask for Dr. McLANE'S rison are worthless. Dr McLane's genuine Vermifuge, also at the sale. his celebrated Liver Pills, can now be had at all respectable drug stores. Sold in Wilmington, by WM. H. LIPPITT.

It contains not a particle of Mercury, Opium, or any noxious drug; is perfectly harm-less, and has cured more than five hundred cases of disease. We can only refer the reader to the certificates, all of which are detailed in full around the bottle. It is the greatest of all Spring and Fall Medicines, and possesses an influence over the blood truly remarkable. For sale in Wilmington, N. C., by WM. H. 1. PPITT Dr. A. O. BRADLEY, Druggists.

We are glad to record the success of this valuable remedy for dyspepsia, as we believe it supplies a desideratum in the medical world long needed.
